

Tales of Whitehall

When one moves to an area as a child and spends the next 75 years living there, I guess you could call it one's playground. Please join Friends of Whitehall at their Annual Meeting, Wednesday, April 2nd 2025 at 7pm at the Sanctuary At Woodville, 249 Wood St., (Rte.135) and meet Russell H. Phipps. Rusty, a long time Woodville resident, avid outdoors man, fine neighbor and great storyteller will offer his personal experience growing up on Whitehall. He will discuss banding of the loons, floating islands, his dad's sawmill, the "big" island, his grandmother's trolley visit to the "springs", stories of Ora Cheney, a mysterious sunken boat, the fault line, Bay Path and more. Come join the camaraderie and bring your own stories, past and present, to share. Parking will be available along Woodville Rod and Gun Club driveway. Public welcome.
